Next Meeting: Thursday, November 8, 2018 at 10 AM in JCMUA’s Conference Room, 555 Route 440, Jersey City, NJ 07304

I. Introductions

II. Project & Policy Updates

a. PVSC

- i. Columbia Park – JCMUA has approved the GI maintenance agreement. It is with the City now because it is a 3-party agreement. The agreement indicates that the City owns the park but MUA will maintain the green infrastructure.
- ii. Alternatives evaluation – PVSC will evaluate regional and treatment plant alternatives. JCMUA Arcadis will be leading the effort for alternatives analysis locally. Min of 7 alternatives required by permit but more can also be added and evaluated. PVSC has asked for all alternatives be provided by municipalities by end of year in order to give PVSC time to evaluate regional impacts.

b. City of Jersey City

- i. Public Outreach – START will need to review time line for public outreach and engagement. Move up presentations to community by end of year if possible.

c. b. SJC

- i. Open Sewer Atlas—progress update provided
- ii. Resiliency master plan – 440 should be highlighted DOT, state highway drainage connects to CSO outfalls
- iii. Website links to the data portal are down while upgrades are made

III. Cupolex Team Presentation

- a. Can send slides for review
- b. Potential pilot project in Jersey City

IV. Outreach Brainstorming

- a. Outreach Planning Phone-Call – to be scheduled over the next 2 weeks by Mo. Tom to request MUA involvement
- b. MUA Website Post regarding alternatives analysis and public outreach. Tom to request

- c. Environmental Commission Meeting – Tom to request MUA and Arcadis attend/present
